RAMSAY HEALTH CARE

COFFS HARBOUR

Bindarray Clinic, on site at Baringa Private Hospital Post Traumatic Stress Disorder Program

We aim to improve the quality of your life

Dr Doug Andrews,
Director of Psychiatry

Dr Michael Peck,
Psychiatrist

Dr Dubravka Jankovic,
Psychiatrist

Depression & Anxiety Program

The first is the Depression and Anxiety program which runs one day a week for 8 weeks. Written referrals from the GP outlining the need for assessment for the mood and anxiety program is required.

Post Traumatic Stress Disorder for Police, Fire, Ambulance & DVA Veterans

The second is the PTSD program for DVA veterans and emergency service personnel and runs 2 days a week for 10 weeks.

It is possible to request rapid admission for your patients to either of these programs.

To achieve this a referral is necessary to one of our 3 psychiatrists and should explicitly state your interest in your patient's admission to either of the programs.

Our doctors will assess the patient and provide a comprehensive report with recommendations

to the referring doctor but will not further manage their condition. If they are suitable they will be offered a place in the next intake for a program.

If you wish for the psychiatrist to also have ongoing involvement in the care of that patient then please state this. Referrals for ongoing management are likely to take longer to process because of the high demand we are currently facing. Please fax to: 02 6659 4456 or email reception@bindarrayclinic.com.au, alternatively contact 02 6659 4400.
